**REFLECTIONS.** They are fragments of the past that we hold within our hearts. We remember the moments too beautiful to express, those times shared with friends that were filled with love, laughter, and happiness. There were also the solitary moments of quiet contemplation. These were the special moments which we longed to hold forever.

We all experienced periods of agonizing frustration and even total defeat, but through it all we survived together, gaining valuable experience during the process. We learned to strive for victory, but most importantly, we learned to accept defeat and learn from our mistakes. We developed determination that gave us hope and allowed us to continue our search for happiness.

Although each one of us is unique in some way, we are all influenced by friends. These friends cared for us and stood by us when we weren't able to stand alone. They made our lives worth living. Let us reflect back upon the past and think how little it would mean without the friends with whom we shared it.

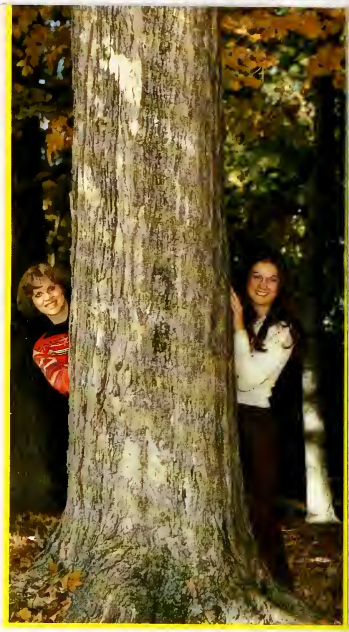
# *Homecoming 1977*

The Homecoming festivities began with the traditional assembly featuring the presentation of Queen Julie Smith and her court consisting of Wanda Aills, senior attendant; Lorrie Stillings, junior attendant; Gloria Smith, sophomore attendant; and Jeri Rudduck, freshman attendant. Each girl was given flowers and a gift from her class. Coach Ondrus then presented Julie with the game ball. That evening, a parade was held followed by an exciting bonfire and snake dance which ended at the Courthouse where everyone participated in a spirit-filled pep rally. The Mighty Blue faced Wilmington at the game, only to meet defeat by the Hurricanes.

Highlighting the weekend was the dance with a "Royal Blue" theme, the music being provided by Spectrum. Homecoming will long be remembered as a great success.

No matter who we are, we will always be thought of as a special person by someone. Our true friends recognize our worth as individuals and appreciate us for being the people we are. If we ever lose our special qualities, we may be assured that they are preserved in someone's memory.



We must always try to maintain the spirit that lies within us all. This spirit has made us strive for pride and perfection in ourselves and in our activities. We enjoy the feelings of self fulfillment and accomplishment, but the spirit that makes these feelings possible will remain alive only if we use and develop it in our daily lives.

As we look to the future, we must use all the knowledge we've gained to make wise decisions. If we can trust our own judgment and remain true to ourselves, the challenge of each new day will awaken an inner motivation to choose appropriate goals.

The pieces of the past must come together in our memories, for they are the vital foundation of the true individuals we are. Without the memories, the future has no meaning. The bittersweet years we've shared together must be preserved; they are much too precious to forget.

**Wellston-22 WCH-21**

With the score 21-20 in favor of the Lions, Wellston faked the kick after touchdown and scored a two-point conversion to clinch the game. Larry Brickles, who filled in for the injured Jeff Elliott, turned in a fine performance at tailback.

**WCH-28 Chillicothe-18**

The Lions bounced back to record their first victory. A strong defensive performance plus a great offensive game from Larry Brickles and Terry Wilson equaled a chilly night for Chillicothe.

**WCH-16 Lexington-6**

The defense turned in another great game, holding Lexington to just six points. The Todd Terrell to Terry Wilson passing combo and the constant churning of tailback Larry Brickles added up to a bruising offensive attack that Lexington just couldn't handle.

**Hillsboro-17 WCH-0**

The Blue Lions were shocked for the first time in a decade by a rugged, consistent Hillsboro team. Senior tailback Jeff Elliott returned for the game but he, along with the Blue Offense, was stopped cold by a determined Hillsboro defense.

**Teays Valley-28 WCH-12**

The Lions dropped their second league game in a row to a tough Teays Valley defense, who allowed the Lions only 134 total yards offense. To make matters worse, Jeff Elliott reinjured his shoulder midway in the game.

**Greenfield-9 WCH-6**

A titanic struggle between the Blue defense and McClain's. Our defense held McClain to just eight yards in the second half and just nine points for the game, but the offense could manage only six points as the Lions dropped their third league game.

**Wilmington-25 WCH-13**

A hard hitting game in which the Lion defense couldn't contain Gary Williams and company. Jim Bennett, a sophomore, came off the bench to spark the Lion offense but it was not enough as the Lions dropped their fourth league game.

**WCH-33 Madison Plains-0**

The Lions took out their frustrations on the Eagles as they totally blew them off the field. A great performance from Brickles in the rushing department and Terrell to Wilson in the passing department. Overall, a great game for the Lions as they chalked up their first league victory.

**WCH-14 Circleville-7**

The Lion defense looked like a stone wall as Circleville could only manage seven points before the home crowd. Jeff Elliott came alive as he scored all of the Lions touchdowns. The Lions now had their second league victory and were anxious to meet Schlichter and company for the annual battle that would decide the County championship.

**Miami Trace-46 WCH-12**

The score doesn't indicate the true meaning of the game. Although the Lions lost, they gave Trace the best game they had all year. The Lion defense held Trace fairly well except for the passing of Schlichter and the running of David Creamer. The Lion offense performed well getting a good game from Elliott and piling up 249 total yards.

The 1978 Blue Lion Freshman team started off with 34 gridders. The Lions' season opener was with East Clinton. With the game tied at 6-6 and the frosh passing to secure a win, an Astro intercepted a pass and scored to end the game at 12-6. The Lions then entertained Hillsboro and came away 13-6 winners. With a victory under their belts, the freshmen handed Wilmington a 13-8 loss. The freshmen then traveled to Teays Valley, and after a hard-fought contest came out on the short end 14-6. History repeated itself when the Lions traveled to Madison South High School as another intercepted pass by an Eagle defender made the final score 12-7 in favor of the Eagles. The freshmen then played undefeated Circleville and nothing was changed as the frosh came out 16-0 losers. The final game was with rival Miami Trace. As usual the game was a hard-hitting contest, but when the game ended the Lions found themselves three points down with the final score being 16-13. The freshman record was 2-5, but every game was close, and they always gave their best.

The 1977-78 edition of Blue Lions Girls' Volleyball team had it all; sets, bumps, blocks, spikes, and good serves.

Starting in August with conditioning and weightlifting, this year's Lion Volleyball team began preparing for a good season.

The Lions didn't have to be concerned about inexperience since they had the veteran players Mindy Smith, Natalie Upthegrove, Pam Crosswhite, Becky Tolle, Debbie Wheat, Mel Leaverton, Carla Barnett, and Connie Yahn returning.

The reserve volleyball team had a rebuilding year. The girls won three contests out of fourteen. They showed much promise for the following years because all of the team members had over sixty-eight per-cent on their serves and blocks, and over fifty per-cent on their spikes and sets.

The highlight of the varsity season was defeating county rival Miami Trace, twice, and taking second place in the sectional tournament by defeating Wheelersburg and Rock Hill. The Lions lost to the powerful Waverly Tigers, in tournament, thus ending the 1977-78 season with a 12-6 overall record.

Honors were earned by the following players: Mindy Smith, most consistent player; Rhonda Jones, most improved player; Becky Tolle, best defensive player; and Debbie Wheat, best offensive player.

The 1978 Blue Lion Basketball Team started out the season with only John Denen returning. If the Lions were to have any success, Coach Shaffer would have to rely on a bevy of reserve players including Tom Bath, Steve Pritchet, Clark Lee, and Jeff Elliott who decided to play after a two-year layoff. Also returning was Mike Turner who got a late start after suffering an injury during football season.

The Lions opened the season with consecutive wins over Gallipolis, Circleville, Madison Plains, and Greenfield before dropping their first game to always tough Wilmington. The Lions then traveled to Teays Valley and won handily, but then hosted Waverly and dropped their second game of the season by a slim margin. The first half of the season ended when the Lions traveled to Miami Trace. After a hard-fought struggle, Denen and his crew found themselves eight points down at 60-52. The Lions were now 4-2 in the SCOL and 5-3 overall. John Denen, Tom Bath, Steve Pritchet, Mike Turner, and Jeff Elliott had settled in as the starting five and were giving Coach Shaffer consistent, usually well-played basketball games.

The Lions opened up the second half of the season with wins over Circleville and Wilmington, perhaps the most thrilling games of the year, but then dropped a close game to Chillicothe. Bouncing back from the loss, the Lions took two more league wins from Teays Valley and Hillsboro, before dropping another close game to Miami Trace at home. Madison Plains and Greenfield were the Lions' next victims, but the streak was again broken at two as the Lions dropped a close game to Vinton County. The last regular season game was with Hillsboro and the Lions took this one easily.

The regular season ended with the Lions sporting an 11-3 league mark and a 12-6 overall record.

In tournament play the Lions took consecutive wins from Waverly, Wellston, and finally, Vinton County to once again capture the Unioto Sectional Championship. Moving in to district play the Lions defeated Nelsonville York, but their season ended in a 56-54 loss to eventual State Champion Portsmouth. The Lions closed their highly successful season with a 16-7 record.

# Linksters have phenomenal season

**Kneeling:** Jeff Scott, Willie Hatfield, John Moore, Jerry Mount, Gary Fisher, Scott Douglass, Coach Rick Crooks, Danny Langen, Charles McCoy, John Dean, Duane Sanderson, Eric Croker, Chris Herron.

The Blue Lion linksters, behind the senior strength of John Moore, Gary Fisher, and Willie Hatfield, and the consistency of Jerry Mount, had an excellent season in 1977. After the first three matches, the Lions found themselves sporting a dismal 1-2 record. The linksters then picked themselves up and won their next sixteen regular season matches, constantly recording consistent scores and demolishing league and non-league foes. The "Big Five" then took their 17-2 record into Southeastern AA Sectional play. Coldness and wetness took their toll, but after eighteen holes the Lions were champions of the eight-team tournament with Hillsboro and Ironton taking second and third respectively.

WCH, Hillsboro, and Ironton then advanced to the District tournament which included Gallia Academy, Belpre, and New Lexington from the Belpre Sectional. Although the linksters fared thirteen strokes better than they did in the Sectional, they found themselves taking third place behind Gallia and New Lexington, and just twelve strokes from going to the State tournament.

Back at the home front, the Lions had business to finish in the SCOL. The seven league teams met at Buckeye Hills for the eighteen-hole league meet. The league race was solely between Circleville and Washington, and whoever finished above the other would take home the league crown.

Play was tight, then on the eighteenth hole, a highly disputed ruling gave Circleville a 335-336 one stroke victory over the Blue Lions. Although the Lions finished second in the league, they ended their great season sporting a fantastic 32-5 record, winning the Sectional, and taking third in the District, with John Moore and Jerry Mount capturing all SCOL honors and Gary Fisher receiving Honorable Mention.

The Blue Lion Baseball Season started out with a rigorous conditioning program which consisted of weight lifting, sprints, and long-distance running. The Lions were led by Jeff Elliott, and the team consisted mostly of underclassmen, since there were only six seniors on the team. Talent was abundant, but the Lions had trouble putting it all together in the early season, dropping three league games. Once a little experience was gained, the Lions gave Madison Plains a league race down to the wire, and finally finished second in the SCOL, with Plains taking first. Last year's accomplishments in the tournament were almost equaled as the Lions won the Southeastern AA Sectional with wins over Wellston, Waverly, and Hillsboro, but dropping a ten inning, 1-0 game to Portsmouth in the District opener. With all the depth and talent returning next year, baseball at WCH should be an exciting and winning sport.

The Blue Lion track team had a moderately successful season this past year. They posted a 26-23 record with a 3-3 record in dual meets, and placed well in most of the large meets. Though hampered by the weather and snow during pre-season training, the tracksters were conditioned in the gym. Leading the way were junior Bob Fridley and senior Duane Six in the field events and sophomore Eddie Forsythe in the sprints. Forsythe and John Heinz competed in the District meet in Bellaire also. Eighteen people lettered, and of those, only four were seniors. Because of this, the prospects for another winning season next year looks good. Blue Lion track is on the upswing.

# Girls' Basketball experiences

**Standing:** Debbie Wheat, Dianne Stewart, Mindy Smith, Becky Tolle, Dee Davis, Kim Ward. **Kneeling:** Anna McArthur, Brenda Kimmet, Mary Snyder, Robbin Hendren, Ruth Brennan.

The Washington C.H. Girl's Basketball team had its share of ups and downs this season. The team was handicapped by only eleven people trying out for the team. It was difficult at times when team members got into foul trouble with not too many people on the bench to replace them. The ball club was also plagued by the terrible snowy weather which caused practice to be cut short or cancelled. Many games had to be rescheduled or unfortunately cancelled. At one point the girls had to play four games in one week.

The team was fortunate to have a fine new coach, Sarah Johnson. She disciplined the team, but yet they all had a good time working with her and getting to know her. Terry Stillings donated a lot of his time to give valuable advice and to demonstrate skills.

The season ended with a 6-10 record, quite an improvement over previous years. The highest scoring game of the season, 52-42, was against Hillsboro in the Sectional Tournament. After that game the Lions had visions of a Sectional trophy, but to win it they had to defeat Waverly and Greenfield. The visions were soon put to rest when the Lions were badly beaten by the Waverly Tigers.

a. The players on the bench gave a lot of support.

# Freshman starters provide

**Standing:** Melinda Showalter, Martina Tyree, Connie Yahn, Becky Tolle, Lorie Stillings, Mary Jane DeWeese, Mary McClendon, Rhonda Jones, Sherri Maddux, Coach Karan Mount. **Kneeling:** Sheila Lloyd, Shelli Stillings, Brenda Kimmet, Dee Davis, Connie Summers, Gladys McClendon, Teresa Mickle.

Despite the team record the girls have come a long way. This year could be considered a building year since six of the ten starters were freshmen.

Connie Summers and Carla Barnett did a fine job pitching for the Lions with some help from rookie Shelli Stillings. The strong infield was led by Dee Davis with an errorless season at her position as catcher. Becky Tolle also turned in a fine defensive season with only one error on first base. Rookie Gladys McClendon did a good job at second base, and the infield was rounded with Mary McClendon and Connie Summers sharing duties at shortstop and Lorrie Stillings on third base.

The outfield consisted of Mel Leaverton, Mary Jane DeWeese, and Connie Yahn. Rhonda Jones, Kim Morrison, Shelli Stillings, Teresa Mickle, and Brenda Kimmet all played fine back-up ball and showed a lot of promise for the next season.

Honors were received by Becky Tolle, best defensive player and Dee Davis, most consistant player and team captain. She also was the first girl to ever letter four years in a sport at WSHS. Rhonda Jones was the most improved player; Connie Summers had the most hits with 21, and Mel Leaverton had the most RBI's with 18.

# Girls' spring season

**Row One:** Robin Hamilton, Natalie Upthegrove, Sue Rohde, Julie Smith, Debbie Wheat. **Row Two:** Jodie Borden, Joni Gardner, Dianna Stewart, Tracie Oesterle, Anita Jones. **Row Three:** Coach Maggie Owen, Julie Rinehart, Anna Marie McArthur, Robbin Hendren, Jane Sollars, Gina Chobert.

The spring of 1978 brought another competitive sport to the Blue Lion Girls' program with the addition of Girls' Track. Due to the weather the team was forced to practice inside and lost valuable conditioning time. The team's overall record was 18-15, and the girls finished a strong fourth in the SCOL league meet. The 440 relay team comprised of Joni Gardner, Jane Sollars, Dianna Stewart, and Debbie Wheat tied a league record with a time of 53.1 seconds. Of the ten girls competing on the sectional level, six moved onto the district.

Individual standouts were Joni Gardner, in the 100, 220, 440, and 880 relays; Dianna Stewart, mile run, 440 run, and 440 and 880 relays; Anita Jones, discus; Anna Marie McArthur, shot-put; Jane Sollars, mile and 440 relays, and high jump; Natalie Upthegrove, 220, and 880 relays, and long jump. Greatly needed support and depth was lent by Jodie Borden, Robbin Hendren, Gina Chobert, Cindy McKinney, Tracie Oesterle and Sue Rohde.

High hopes are held for Coach Maggie Owen's 78-79 season with ten Lettermen returning.

Winter Wonderland was the theme of this year's Christmas Dance. Since there wasn't a Y-Teens this year, the responsibility of the dance was given to the DE Class. Under the leadership of Mindy Graham and Peggy Daughtery, the dance proved to be a huge success. The gym was transformed into a winter fantasy including Christmas trees, and snow scenes. The band "Night Flight" provided the couples with the music for the evening, and everyone who attended enjoyed their trip through the winter wonderland.

# *makes "Oliver" a success*

Many hours of hard rehearsal went into this year's production of "Oliver." Susan Moore played the leading role under the direction of Miss Kathy Wallace and Mr. John Sauer. Leading roles were also played by Ben Echard, LeTonda Bailey, Todd Dove, Jeff Lewis, and Jacque Preston.

The play depicts a small boy whose mother died shortly after his birth. He was placed in a home for orphans where he remained until he was sold to the Sowerberry family because he asked for a second helping of food at the orphanage. Running away from the cruel Mr. and Mrs. Sowerberry, played by Rick Wissinger and Shelley Dove respectively, Oliver comes in contact with a group of thieves and pick-pockets who teach him the trade. The play then told of his many adventures until he was reunited with his grandfather.

It was the unselfish and dedicated work of each cast and crew member along with the supervision of the directors that made "Oliver" such a success.

# Juniors help create

This year's Junior-Senior Prom was held on April 29th in the gym. Although there was no prevailing theme, the couples were taken on a fantasy trip through space. The couples were greeted by a dark tunnel that led them into the gym which was transformed into a scene from outer space. Planets, moons, and stars in a royal blue and silver color scheme along with several booths and a fountain composed the decorations.

The royalty was comprised of Jeff Elliott and Shelley Dove, King and Queen, with Jim McDonald and Kitten Sagar, Prince and Princess. The music for the evening was provided by "Orion." The evening was a complete success, and the hard work put in by the juniors paid off. All the seniors really enjoyed their last dance, and it will be one of their fondest memories of W.S.H.S.

The American Field Service was created to promote brotherhood among the different peoples of the world. There are various projects throughout the year to promote this brotherhood. Each year an exchange student is sent to WSHS for one year. Many fund-raising projects are held in order to raise enough money to send one of our students abroad. This program provides the student with a first hand opportunity to understand the people and their culture. Even those who stay here learn from the student who visits the United States. This year's student was Andi Mahyuddin from Indonesia. Everyone who knew Andi found a warm and wonderful personality behind his sparkling smile. The motto of the group is "Walk together, Talk Together, All Ye Peoples of the Earth." Through the efforts of such organizations as AFS we were enabled to have closer ties with people in foreign lands.

# *in District competition*

This year's Band was very active throughout the entire year. The marching band put in many hard hours of practice in order to provide the half-time entertainment during football season. They also provided the community with music during the different parades held in W.C.H. Their musical ability was proven when they placed in various competitions. Later in the year the Concert Band continued to make the year successful by receiving a superior rating of one in district competition which enabled them to go to state competition. The band's contribution to the school did not stop there. During basketball season, the spirit of the student body was kept high by the Pep Band. They played at all the home basketball games and the pep assemblies. This year's band was very active, representing WSHS both in our school and the community.

# *Majorettes place first at band contest*

Wherever the band went, the flag squad and majorettes followed. They were always prancing high and smiling. Their precision was shown at the various competitions they entered, and they always finished on top. Their never-ending spirit and enthusiasm added a special touch to the band.

The National Honor Society is an organization that gives recognition to the outstanding juniors and seniors. The members of this group were selected by the faculty in recognition of their achievements during their years at WSHS. Each member must have displayed a personality which included the four basic dimensions of life, leadership, character, scholarship, and service. Every year two members are selected to enter national competition for scholarships. This year's group chose John Moore and Nancy Marchant to represent them. They also held a scholarship week in which money was raised for scholarships. Kitten Anderson and Jon Bienz were chosen as this year's recipients.

# Sunburst staff captures memories in yearbook

The 1977-78 Sunburst staff faced the difficult, yet exciting task of preserving the memories which made the year so special. Drawing layouts, writing captions, cropping pictures, and typing, among many other things, were all familiar jobs to the twenty-nine people comprising the yearbook staff. A lot of time, devotion, and hard work was spent in giving our yearbook many unique qualities.

On Valentine's Day the Sunburst staff sponsored a Valentine Telegram in order to raise money for the publication of the yearbook. Sunburst members made and delivered these telegrams the entire day during class time. Hard work from the staff along with the tremendous reception and participation from the students and faculty made the Valentine project a great success.

We, of the Sunburst staff would like to thank many deserving people who helped us so much throughout the year. A special thank you goes to Jane Henry, our devoted head photographer who took most of our pictures. No matter how much pressure we applied, she was always patient and smiling. Mr. and Mrs. Terry Hirtzinger, our Taylor representatives, gave much of their time and ingenuity to make our publication unique in many ways, and they deserve a big thank you. Also I would like to thank Mr. and Mrs. Glen McCoy who took many of our beautiful pictures and did most of our printing and developing. We can never truly express our appreciation for the tremendous amount of work they've done for us. I would also like to thank Mr. Frank Henry for all the help he gave to us with our color pictures. Last, but certainly not least, I would like to thank your yearbook advisor, Miss Helen Hutson. Her patience, expert skill, and knowledge about yearbook procedure pulled us through many difficult situations, and we were very fortunate to have access to her talents.

We hope that the 1978 Sunburst will serve to rekindle the memories of a very special year. A great deal of love, spirit, and dedication is contained within its pages, and we hope that you will value its worth as much as we do.

# NJROTC holds Awards Ceremony for outstanding cadets

a. Gary Sterling receives Distinguished Second-Year Cadet Award.

This year was the first time the Unit had been placed on probation officially for lack of enrollment, but it also marked the first year the fourth-year cadets were enrolled.

Commander Dan Gholson from Philadelphia made his annual inspection on March the eighth and was impressed by the appearance and bearing of the cadets, particularly those in a first year platoon who showed enthusiasm and exemplary grooming.

At the Annual Awards Ceremony on May sixteenth, Alan Ferguson received the Navy League Plaque and "Cadet of the Year." Rick Bennett was awarded the Military Order of the World Wars Medal of "Distinguished Third Year Cadet;" Gary Sterling won the Reserve Officers' Association Medal for "Distinguished Second Year Cadet;" and the D.A.R. Medal was awarded to Richard Ruth as the "Distinguished First Year Cadet."

Brad Tolle received the "Class of '76 Medal" for his effort with the Unit, and Tim Dollison won the "Top Marksman Award" for his prowess with a rifle. Thirteen others pbtained Certificates of Appreciation or Letters of Commendation prior to Rick Bennett being named to relieve Alan Ferguson as Company Commander for the first semester of 1978-79.

# *Administration resolves many problems*

EDWIN M. NESTOR, Superintendent of Washington C. H. City Schools

High school education is not a minor affair, but a most significant experience — an orderly effort to integrate life. The two great casualties of our times have been truth and conscience. We need to restore these two values to a position of importance or our educational efforts will have been in vain.

Tests of endurance came to our schools and community with the January Blizzard of '78, demonstrating once again Nature's dominance over human affairs. Extreme hardship was averted only by concerted cooperation and by the hardy structure of our people. Adjustment to changing circumstances is an important lesson in life.

I had my picture taken yesterday.

MRS. CAROLYN MALLOW, Assistant to the Clerk

MRS. HENRIETTA KUHLWEIN, Clerk Custodian

# WSHS makes curriculum changes

Looking back is necessary only to mark progress.

Progress has been rapid due to my efforts to offer more quality in the classroom and maximum use of physical facilities.

Under the philosophy of attempting to meet the needs of each student, the curriculum has been expanded to offer courses in Human Awareness, Economics, Remedial Reading, Accelerated Math, and Fundamentals of Math.

The music program has been expanded to include a full vocal music offering while the athletic program has grown from twenty-two to twenty-six teams and from 398 participants to 468 participants.

In an effort to further challenge students, graduation requirements have been raised to eighteen credits, with four years of English being required, and students permitted fewer study halls per week.

Yes, changes have been rapid but not just for the sake of change. Each change has been calculated to better prepare graduating students to meet the challenges of life, because I believe the worst thing you can do is ask somebody to perform a task before he is ready.

# Counselors expand guidance program

MR. DONALD GIBBS, Boys' Counselor

Knowing that we are all in a constant state of becoming, the Counselors' Office strives to assist each student to discover his or her own uniqueness. Through Freshman Group Guidance, students are asked to define their own individual values and goals, to consider ways with which they could cope with life's varied panorama of events, and to decide what career area they might wish to follow. Individual counseling, opportunities for special travel and experience, Career Week, and resource materials on career areas are all services by which the counselors strive to assist students to develop their own strength of personality necessary to achieve and facilitate their own optional development toward the life and career goals each has chosen.

# WSHS adds to math fields

a.

b.

The goal of the Math department is to provide the opportunity for every student to develop skills in mathematics according to their ability, need, and interest.

To accomplish this, the Math department offers a variety of courses at Washington Senior High School. Fundamentals of Math I and the Accelerated Math class were added to the program this year.

Next year, the department will offer fundamentals of Math II and continue the accelerated program into the tenth grade. With these changes added to our present program, we hope to ensure that all students will leave with a sound knowledge of mathematics.

# Remedial Reading program meets

The English curriculum is designed to increase the student's ability in reading, writing, speaking and listening. These skills must be developed fully in high school in order to allow the students to become productive members of society after graduation. To help assure that the students are prepared for the future, the English teachers have developed courses that will help the individual students advance to the utmost of their ability. This year a reading laboratory was added to the freshman curriculum while all courses stressed independent study to further student growth.

# Program offers more freedom of choice

a.

The Physical Education Department experienced several program changes this year. First of all, for the first time students were offered a choice of two to four activities each nine weeks. They selected the activity or activities they wanted to participate in. They were required to participate in one, but encouraged to take more. If the student chose to take only one activity, they they were placed in study hall for the remainder of the nine weeks. This type of program allowed for a wider variety of activities, yet more freedom for the students. Some of the activities offered were soccer, softball, flag football, gymnastics, weightlifting, basketball, volleyball, tennis, badminton, table tennis, shuffleboard, golf, archery, and more.

Another new activity was added this year for some of the advanced physical education students: they went bowling during one of their PE classes each week.

# Students prepare to enter business world

a.

The business department curriculum is designed to provide students with sufficient training and experience in the clerical, stenographic, and bookkeeping areas to obtain work upon graduation. In addition, an adequate background for entering business affairs is included for interested students.

Some of the accomplishments were the writing of department philosophy and goals, and the writing of course objectives was begun. Shorthand I was offered to sophomores for the first time, and Office Procedures was a new offering this year for juniors.

Personal Typing is now required of all students before Typing I can be taken. Personal Typing may be obtained as a semester course in the eighth grade or at S.S.H.S.

The business department plans to continue work on curriculum and will consider new offerings to keep up with the changes in the future.

This year's curricula in the science department included physical or general science for freshmen, advanced and introductory biology, chemistry, and physics for upperclassmen. Only one year of science is required, but the other courses offered are designed to enrich a student's background in different areas of science, whether or not they are in a college preparatory program. Labs are an integral part of the program where the student learns how to apply what he has learned in the classroom.

MR. RICHARD BRYAN

The basic responsibility of the Social Studies curriculum is to help young people learn to carry on the free society they have inherited. An open society must be responsive to the needs and aspirations of its members, and most important of all, we must teach the principle that it is the right and responsibility of citizens in a democracy to think for themselves, to find their own answers, to unite in resolute action, and to bring change whenever necessary or desired through orderly processes.

# NJROTC is put on probation

This past year was the first time the NJROTC program had fourth-year cadets, and plans were made to establish cadet officer positions from among third and fourth-year cadets. Hopefully, this will give the upperclass cadets more opportunities to exercise authority and responsibility within the Unit. As a start, the company commander appointed for next year will be a fourth-year cadet.

Next year, hopefully, there will be more field trips, and there will have been established a firm beginning for a good drill team. Also, next year the female cadets will be issued new and different uniforms (issued by the Navy), so they will be more comfortable. We hope to continue short courses in Naval Science at the Middle School. These were implemented during the last six weeks of this year and received favorable comments.

# Program offers new media areas

a.

Unlike most subjects in the school, the visual art courses allow the student to express his ideas and feelings in his work. This expression is often a reflection of how the student views the world, his role in it, and what is most important to him.

Many different medias are explored during the course of the year in the areas of drawing, painting, sculpture, and pottery. Advanced students investigate the media areas more intensely than do the beginning students. The advanced students next year may have the opportunity to work in media areas never before offer, such as, metal-smithing, jewelry making, and stained glass. An ancient Japanese method of firing pottery, called Raku, may be tried before the end of the year. There was also a first this year in the making of a plaster mold of a student's face.

# *Music department receives many honors*

The Music Department strives to provide a wide variety of experiences that will give students the opportunity to develop their knowledge and skills, with the expectation that knowledge and skills promote a greater capacity to respond aesthetically to music.

This year the performing groups have been very active. The Concert Band participated in the OMEA State Competition, and many of our students participated in the Music department's production of "Oliver." The Jazz Ensemble and Celebration were both active in the community performing for various clubs and organizations.

# *Industrial Arts classes do projects*

a.

Industrial Arts consists primarily of four courses. The following is a brief description of each course.

Industrial Arts I is a first-year course consisting of drafting fundamentals, beginning woodworking, and metal-working.

Industrial Arts II A is naturally designed to follow Industrial Arts I, and offers drafting with emphasis on design, machine woodworking, and metalworking with emphasis on welding.

Industrial Arts II B is also a second-year course which introduces two different areas — namely, printing and basic electricity.

Mechanicl Drawing is designed for those senior students who have not had the opportunity to learn the funadmentals of drafting that could be very helpful upon entered into engineering or other related fields.

# *Striving to develop vocational and personal*

The Vocational department's philosophy is to develop the individual socially, emotionally, and intellectually; to improve home-school relationship; to stimulate growth in community, national, and world citizenship; to acquire knowledge and skills that can lead to employment, or open doors to post high school training.

In order to accomplish this philosophy, the vocational programs try to adapt to the various needs of students, meet the demands of changes, build on the student's previous learning, recognize and correlate knowledge gained in other disciplines, provide depth and enriching experiences, challenge thinking, encourage students to be creative, develop ability at problem solving and critical thinking, and take into account demands for skills in the community and business world in general.

# *Emphasis is placed on occupational education*

The Special Education program places emphasis on occupational education. The work-study courses permit part-time jobs for freshmen to full-time jobs for seniors. Graduation credit is given for on-the-job training.

In the classroom, the fundamental skills of math, reading, and writing are basic in all subject matter covered. Closely following the overall philosophy of the curriculum is the assessment of each student's need for such a work-study program.

The involvement of parents and the entire school staff with the individual student in the program is a must. The cooperation of everyone makes this program work effectively.

# *Seniors enjoy traditional breakfast and assembly*

The 1978 Senior Breakfast and Assembly was held on Wednesday, May 31, at 6:30 A.M. in the Fellowship Hall of the Grace United Methodist Church. After a delicious breakfast, served by Seniors' mothers, class vice president Donald Justice delivered a very special farewell address. Next the Seniors laughed as Gary Fisher predicted the future occupations of each one in the class prophecy. The Senior wills were then read by Kim Immell. The Senior Breakfast and Assembly was a very special event, spiced with sentimentality and laughter, and it was enjoyed by all who attended.

# Seniors celebrate Class Night at Hueston Woods

a.

b.

On Friday afternoon, June 2, 1978, a bus carrying approximately fifty Seniors departed from Washington Senior High School. After a long ride, they arrived at Hueston Woods where a variety of activities awaited them. The Seniors enjoyed swimming, playing tennis, ping pong, pool, moped riding, frisbee throwing, and working the many game machines. Later in the evening a delicious barbecue supper was served. Following supper the Seniors danced to the music of "Razzle" until approximately 2:00 A.M. Then, once again they boarded the bus for the long journey back to Washington Court House. All agreed that Class Night had been a very enjoyable evening that would long be remembered.

# Graduation held at Gardner Park

Sunday, June 4, 1978, dawned bright and sunny. There was a tinge of excitement in the air as 160 Seniors awaited the hour when they would be officially pronounced as graduates. At 4:30 P.M. the Senior Class of 1978 marched into Gardner Park to the tune of "Pomp and Circumstance." The invocation was given by the Reverend T. Mark Dove of Grace United Methodist Church. Next the scripture reading and class sermon was delivered by the Reverend Dr. Leroy Davis. Linnie Harper gave the Salutatorian's address, the Co-Valedictorians Jo Leggett and John Moore followed with their speeches. Class President Bill Davis bid the great class of 1978 a final farewell in his address. Scholarship recipients were announced by Assistant Principal Jon Creamer. The class was presented by Principal Maurice Pfeifer and accepted by Superintendent Edwin Nestor. Then came the time each Senior had waited for — the presentation of diplomas. They were presented by Eugene Bienz, President of the Board of Education and Superintendent Nestor. After the last Senior had received her diploma, the traditional switching of tassels was performed. Then the class sang the Alma Mater under the direction of Shelley Dove. The benediction was given by Reverend Dove, and the class marched out to the tune of "Sine Nomine." For each graduating Senior it was a day of reflection upon the past with all of its memories and also a step toward the future as individuals.

## Who says there are no new frontiers?

Drop outs could miss the adventure of their lives.

Well before the century ends, thousands of men and women who are now youngsters will share the tasks in the sky made possible by America's space shuttles. They will be pioneers on a new frontier.

But space is not the only challenge. Others lie on earth in the creation of new systems of energy, transportation, housing, communications, agriculture and education. With these will come new industries, new services, new professions and new skills. New books will be written. There will be new music and paintings—thousands of new records will be set.

Meeting these challenges will call for high levels of excellence, self-discipline, rigorous training and thorough education. The reward will be high adventure—a motive our pioneer ancestors could understand.

Armco materials are in the space shuttles, and Armco products and services will help America meet the other challenges. How about you?

Reflection From Yesterday — The Dawning of Tomorrow

As all of us reflect on a time past, we see the Beginning of Life, the spring of an existence.

We see Growth, the brilliant and viable time of what seems eternal youth, The time when only today is here, and tomorrow is never.

We see the time of change when strength, weakness, boldness, dubiousness, rebellion, and submission all mix to form that which will one day become an adult.

We see the Struggles, a time of confusion. A time where new-felt freedom which seemed so sweet can become a nightmare. The groping in the dark to see that which cannot be seen. The comforts which were present only yesterday — gone, the doubts of today — ever present, yet the eternal, shining hope for tomorrow remains foremost in our minds.

And then, the confusion and doubt begins to fade in the wake of the surefootedness of wisdom. The assemblance of all that was and is gives us a direction. The morning Sun appears, and all realize that we must fulfill that which we came to accomplish, that each of us, e'en though individuals, are here to contribute something, maybe seemingly insignificant. Yet all the more important in its minuteness.

Finally, the paramount:

That all that has been, the reflections of yesterday, are the Dawn of Tomorrow.

R.E.S.
